

Turn the World Around

NewSong

I'm burning my candle at both ends
Trying to light the world I'm living in
There's so much to do
And just so little time

Well, I know my God wants me
To be a light of hope and truth
If we're to get His message through
Then we must rise and shine

The world is in a crazy spin
It's headed for a fall
If we will take God's love to them
Then we can change it all

We've got to turn the world around
With the love that we found
Gotta turn the world around
We can turn it upside down
We can turn the world around
With the love that we found
With the love that we found
We can turn the world

I remember oh, so well
All my lonely cries for help
Deep inside myself
I found an empty life

Jesus saw my desperate need
And with His love reached down for me
And I just can't ignore the call to
Go and be His light

The world is in a crazy spin
It's headed for a fall
If we will take God's love to them
Then we can change it all

I will answer heaven's call
Surrender all my life to Jesus
He's the one who paid the price
The sacrifice of love that frees us
