When God Made You

It's always been a mystery to me How two hearts can come together And love can last forever But now that I have found you, I believe That a miracle has come When God sends the perfect one Now gone are all my questions about why And I've never been so sure of anything in my life [Chorus:] I wonder what God was thinking When He created you I wonder if He knew everything I would need Because He made all my dreams come true When God made you He must have been thinking about me I promise that wherever you may go Wherever life may lead you With all my heart I'll be there too From this moment on I want you to know I'll let nothing come between us And I will love the ones you love [Bridge:] He made the sun He made the moon To harmonize in perfect tune One Can't move without the other

They just have to be together And that is why I know it's true You're for me and I'm for you 'Cause my world just Can't be right Without you in my life

[Tag chorus:] He must have heard every prayer I've been praying Yes He knew everything I would need When God made you When dreams come true When God made you He must have been thinking about me NewSong
