

There are times in our lives  
When doing wrong don't always feel so right  
Wishful thinking - thinking something  
Can be hidden from the light

Whatever you want  
Show me how to do  
Whatever you need from me  
Whatever you want  
Just stretch out your hand  
Lord let your will be my command

Thank you savior for salvation  
I'm a sinner, I'm a broken man  
Give me heart a renovation  
God I know you understand  
Whatever you want...
