

Salvation Station

newworldson

There's a train leaving from calvary
And it's going to
Salvation Station.
There's a train leaving from calvary
And it's going to
Salvation Station.

I'm gonna jump that train,
I'm gonna jump that train.
I'm gonna jump that train oh Lordy I
I'm gonna jump that train.
We're gonna reach Salvation Station in the sky.

Gonna leave sin city
Leave it all behind,
Cause where we're going,
They don't take that kind.
Gonna leave sin city
Leave it all behind,
Cause where we're going,
They don't take that kind.

Can you hear that whistle blowing?
And can you see that black, coal smoke?
Can you hear that ole whistle blowing?
Salvation Station's where we're going.
