

She Don't Love Nobody

Nick Lowe

From my humble point of view
She don't love nobody
Nothing borrowed nothing blue
She don't love nobody

Behind those green eyes I detect
She don't love nobody
A heart no kiss could resurrect
She don't love nobody

All her life she's been told to hang on tight
There's a man who'd make her his wife
But she's not interested
In anything mamma says

She throws passion to the wind
She don't love nobody
She don't give out but she don't give in
She don't love nobody

And if I could I'd make her mine
She don't love nobody
And she would never walk that line
She don't love nobody

And I would give her anything
She don't love nobody
But I don't think she's suffering
She don't love nobody

All my life I've been told to hang on tight
There's a girl who'd be my wife
But I'm not interested
In anything mamma says

I want the girl who does not need
She don't love nobody
She the one my heart recieves
She don't love nobody, no
She don't love nobody
She don't love nobody
