

# Back To You

Nicky Romero

We don't speak  
Have we given it up  
Have we given it up  
Called your name  
But it's never enough  
No, it's never enough

We used to dance like they do in the movies  
We used to scream and shout it out loud  
And now I feel like something is missing out

Up above and down below  
Every step that I'll take leads me back to you  
I can hear the angels sing  
Every step that I'll take leads me back to you  
Every step that I'll take leads me back to you  
Every step that I'll take leads me back to you

Every step that I'll take leads me back to you

My oh my  
Take a look at us now  
Take a look at us now  
Now I see  
I don't have any doubts  
I don't have any doubts

We used to dance like they do in the movies  
We used to scream and shout it out loud  
And now I feel like something is missing out

Up above and down below  
Every step that I'll take leads me back to you  
I can hear the angels sing  
Every step that I'll take leads me back to you  
Every step that I'll take leads me back to you  
I can hear the angels sing  
Every step that I'll take leads me back to you

Every step that I'll take leads me back to you

Up above and down below  
Every step that I'll take leads me back to you  
I can hear the angels sing  
Every step that I'll take leads me back to you
