

Destiny

Nicky Romero

Read my mind
It'll tell you something that I never would have said
Counting time
Cos I know it's gonna be a while again

I can feel it coming, coming
Don't care where I'm going, going
Anywhere that I feel free, I feel free
No matter the place that it would be

I'm telling you, let's believe, destiny, is right here by your side
And its gonna stay right there, say I swear, I'm gonna hold on tight
Cos even if a lie like this ever fades
You don't see a night like this everyday
I'm telling you, let's believe, destiny, is right here by your side
Let's believe

I'm telling you, let's believe, destiny, is right here by your side
Let's believe

I'm telling you, let's believe, destiny, is right here by your side
Let's believe

Blinding lights
I'm stuck in forward and I won't come back the same
Thousand miles
Makes me see all that surround me differently

I can feel it coming, coming
Don't care where I'm going, going
Anywhere that I feel free, I feel free
No matter the place that it would be

I'm telling you, let's believe, destiny, is right here by your side
And its gonna stay right there, say I swear, I'm gonna hold on tight
Cos even if a lie like this ever fades
You don't see a night like this every day
I'm telling you, let's believe, destiny, is right here by your side
Let's believe

I'm telling you, let's believe, destiny, is right here by your side
Let's believe

I'm telling you, let's believe, destiny, is right here by your side
Let's believe
