

I See

Nicky Romero

You, you're all I need
You, you're all I see when I close my eyes and dream
You're all I see
You, you're all I need, all I need, all I need

You, you're all I need
You, you're all I see when I close my eyes and dream
You're all I see
You, you're all I need, all I need, all I need

You, you're all I need
You, you're all I see when I close my eyes and dream
You're all I see
You, you're all I need, all I need, all I need
