

[Mistitled "The Line"]

At a crossing of the line
Everything you need is mine
Everything is a big vision
A decision must be signed

A given voice
A given choice
A losing limit centerpoint
A given voice
A given choice
A losing limit centerpoint
I would give them all they need
Everything they know and read
But they must cross the line
The line

A given voice
A given choice
Everything you need is mine
A given voice
A given choice
Everything you need is mine

At a crossing of the line
Everything you need is mine
Everything is a big vision
A decision must be signed

A given voice
A given choice
A losing limit centerpoint
A given voice
A given choice
A losing limit centerpoint
I will give them all they need
Everything they know and read
But they must cross the line
The line

A given voice

Everything you need is mine
A given voice

Everything you need is mine
