

A Little Crazy

Nicole Atkins

Walking, spend a lot of time of walking
That's what people do, getting over you
Smiling, did you see me smiling
the whole act's just for you
What else can I do

People say I'm better off alone
so i'm trying, trying, trying

Oh please if you see me cry
I apologize, I'm a little crazy, crazy, crazy

Together, we'd always be together
Thought you felt the same
Funny how things change

People say it takes a little time
so
I'm trying, trying, trying

Oh, please if you see me cry
I apologize, I'm a little crazy, crazy, crazy
I'm on my knees
I'm on my knees
I know you're over me
And its driving me crazy, crazy, crazy

People say I'm better off alone
People say it takes a little time
I can't hear the words those people say
I know that I'm crazy, crazy, crazy

Please If you change your mind
I won't change mine
Still i'm trying, trying, trying
I'm on my knees
I'm on my knees
I know you're over me
And its driving me crazy, crazy, crazy

Walking, spend a lot of time of walking
That's what people do, getting over you
