

# Hey Girl

Nicole C. Mullen

Simply beautiful, beautiful  
Simply beautiful, beautiful  
Simply beautiful, beautiful  
Simply beautiful, beautiful

Hey girl you're simply beautiful  
And your frame is wonderful  
Whether 35 or size 2  
From you hair down to your baby toe  
God has made you valuable  
Can't nobody rock it like you

All she wanted was for Bobby Green  
To tell her once that she's a beauty queen  
Like the models in the magazines but he never said so

All she wanted was to be a star,  
Hope to shine away the hidden scars  
And the traces of a broken heart  
Cause she really didn't now

Hey girl you're simply beautiful  
And your frame is wonderful  
Hey girl you're simply beautiful  
And your frame is wonderful  
Whether 35 or size 2  
From you hair down to your baby toe  
God has made you valuable  
Can't nobody rock it like you

Just in case you ain't nev'a been told  
Like a diamond cradled in pure gold  
you're a wonder to behold  
(you're a wonder to behold  
you're a wonder to behold)

Don't you know that everyone can't see hidden treasure  
Under lock and key that's the protocol for royalty  
And I'm wanting you to know

Hey girl you're simply beautiful  
And your frame is wonderful  
Hey girl you're simply beautiful  
And your frame is wonderful  
Whether 35 or size 2  
From you hair down to your baby toe  
God has made you valuable  
Can't nobody rock it like you 3x

3x  
Girl you're simply beautiful  
And your frame is wonderful

From the curl in your hair to your big brown eyes, yea  
Even on your bad hair days, when you don't feel fly, yea  
Never be another you and that's alright, hmmmm, yea  
Black boots with your beanie in the summertime

Knee high socks with your fingernails painted lime (g'on girl!)  
Beautiful you are, you are  
Beautiful you are, you are beautiful  
Just the way you are, you are beautiful  
Just the way you are, you are

You are blue, green, brown eyes  
Real thin, plus size  
Dark, light, tan skin  
Just the way you are  
You've got long hair, short hair  
Natural, your flare, your style, worldwide  
Just the way you are

Just want you to know babe, you're royalty (sang)

Girl you're simply beautiful  
And your frame is wonderful  
Whether 35 or size 2  
From you hair down to your baby toe  
God has made you valuable  
Can't nobody rock it like you  
Hey can't nobody rock it like you  
Hey can't nobody rock it like you  
Oooh can't nobody rock it like you
