

The One

Nicole C. Mullen

I'll be the one
When the morning comes
Calling out for you
To my rendezvous

I will be the one
The light of the world
Yeah I'll be the one
The bright and morning star
Said I'll be the one
Fairest of ten thousand
Yeah I'll be the

I'll be the one
When your heart is aching
When the day is done
You think one the else is there
Watching over you
Darkness all around you
And everything you do
The pain is too much to bear

I will be the one
The light of the world
Yeah I'll be the one
The bright and morning star
Said I'll be the one
Fairest of ten thousand
Yeah I'll be the

Hey hey now

I will be the one
The light of the world
Yeah I'll be the one
The bright and morning star
Said I'll be the one
Fairest of ten thousand
Yeah I'll be the

Yeah I'll be the one
Food for the hungry
Said I'll be the one
Water for the thirsty
I will be the one
Comfort for the lonely
