

# Welcome To The World

Nicolette Larson

It's the same old story  
Yes it's nothing new,  
Just a gift from heaven  
Just a dream come true.  
In a flash of glory,  
In a ray of light,  
Welcome to the world,  
That will hold you tight.

And i always knew,  
That you were always there.  
And i always want to be,  
The one to care,  
If your heart is broken,  
If your feeling blue.  
Welcome to the world,  
That is here for you.

Welcome to the world,  
That is shiny and new.  
Welcome to a lifetime,  
Of dreams come true.  
Welcome to the joy,  
Of living each day.

Love is all around you,  
And here to stay.

I am here beside you,  
I am here to stay.  
I will keep you safe,  
And never go away.  
As you look around you,  
Or your fast asleep.  
All i have to give you,  
Is yours to keep.

Welcome to the world,  
That is shiny and new.  
Welcome to a lifetime,  
Of dreams come true.  
Welcome to the joy,  
Of living each day.  
Love is all around you,  
And here to stay.
