

## Far Away

Nicotine

Far away I walk the way  
To take your breath away  
I'm loosing all my friends  
Far away I walk the way  
To take your breath away  
I'm losing all my sense  
So many people They got me crazy  
Too many problems outta control  
Who's gonna save me? Wait for the answer  
Who's gonna tell me? Where are you going?  
Now the time Get up yourself  
Fuck the school You never learn a lot  
Think about yourself Not neighbors  
1, 2, 3, 4, 5, 6 Breaking all the rules

Hey, man! tell me now  
I wanna know how's ya feeling?  
Never be worried! Don't be afraid!  
I'm gonna show you  
I'm waiting for your words

So many traffic I'm going lazy  
Too many trouble Nobody wants  
Who's gonna trust me? Nobody told me  
Whatever you say I'm gonna run away  
For a while Behave yourself  
Sooner or later You get a better chance  
Talk about the fuckin' bullshit  
Humpty Dumpty  
Why are you sitting on the wall?

Hey, man! Tell me now  
I wanna know how's your feeling  
Never be worried! Don't be afraid!  
I'm gonna show you  
I'm waiting for your words  
I'm waiting for your words
