I am nailed at mouth and throat, this wormtale's never been tol
tombtrippin' through the dark, while i tear that sulphurharp
meet me, flamerainseeds, with branded skin, bled from light
this is where all our demons died
this the blackworm's ride, the plaqueworm's night, the deathwor
m's fight
get killed or die trying, follow me...
get killed or die trying
some say it's the neverworld, a deadly word
they claim it's the word of the wrong, a word that rips the fuc
kin' tongue
meet me, flamerainseeds, with branded skin, bled from light
this is where all our demons died
this the blackworm's ride, the plagueworm's night, the deathwor
m's fight
get killed or die trying, follow me...
get killed or die trying
sundrugged worlds throwing poisonbolts
with blackened blood for a blackened birth
the planets are out of line, under morticians' light
the planets lie mummified in time, it's a pussoaked madmouthnig
this the blackworm's ride, the plagueworm's night, the deathwor
m's fight
```

get killed or die trying, follow me...

get killed or die trying
