

## How To Eat A Scythe

Night In Gales

Stardrugged upon that worm's back  
The casketcrew is in for the show  
Of psychophonics from below

Down the sunpus course  
For a word of all that never was  
Stoke up the silvermouthmachine  
And snatch it's terrortongue with a grin  
Gonna give you some more killing ink  
Some more unlight  
And i'll show you how to eat a scythe

Throatkickin' bladefood at astrospeed  
With a tombwormsmile  
Ink to rain and rain to ink  
All planetflesh to poisonsoil

Down the sunpus course  
For a word of all that never was  
Stoke up the silvermouthmachine  
And snatch it's terrortongue with a grin  
Gonna give you some more killing ink  
Some more unlight  
And i'll show you how to eat scythe
