Nightfall

Somebody's running after you There are times I do the same But I cannot stand the way you live I can't simply follow sweet

My mind is drowned in a sea of thoughts, my heart is bleeding My mind is black I need no more, please sister release me

And I always love what others hate, but I never give up faith Out in their world I feel insane, at her eyes I'm dying to star e And I always love what others hate, but I never give up faith Give me a hug please do it now, sister never, never, never, nev er let me down

How much I adored your inviting eyes How much I hated to see you cry Your love I wanted once not now Feeling strange enough you cannot understand
