

Angels Fall First

Nightwish

Emi **G**
An angelface smiles to me
D **Emi**
Under a headline of tragedy
G D
That smile used to give me warmth
Emi **G**
Farewell - no words to say
D **Emi**
Beside the cross on your grave
G D
And those forever burning candles

Emi **C**
Needed elsewhere
D **Ami** **Emi**
To remind us of the shortness of your time
C D
Tears laid for them
Ami **F**
Tears of love tears of fear
C **G**
Bury my dreams dig up my sorrows
Ami **F**
Oh, Lord why
C **G**
The angels fall first?

Emi **G** **D**
Not relieved by thoughts of Shangri-La
Emi **G** **E7**
Nor enlightened by the lessons of Christ
Emi **G** **D**
I'll never understand the meaning of the right
Emi **G** **E7**
Ignorance lead me into the light

Emi **C**
Needed elsewhere
D **Ami** **Emi**
To remind us of the shortness of your time
C D
Tears laid for them
Ami **F**
Tears of love tears of fear
C **G**
Bury my dreams dig up my sorrows
Ami **F**
Oh, Lord why
C **G**
The angels fall first?

Ami **Emi**
Sing me a song
Dmi
Of your beauty
Ami

Of your kingdom

Emi **Dmi**

Let the melodies of your harps

Ami

Caress those whom we still need

Emi **Dmi**

Yesterday we shook hands

Ami

My friend

Emi **Dmi**

Today a moonbeam lightens my path

Ami

My guardian
