

For The Heart I Once Had

Nightwish

B

Heaven today has gone away

Gmi

To a place I once called home

B

Heart of a child, one final sigh

F

As another love goes cold

B

Once my heart beat to the

Gmi

Rhythm of the falling snow

B

Blackened below, the river now flows

F

A stream of mountain virgin snow

Gmi

F

For the heart I'll never have

F

Gmi

For the child forever gone

Gmi

Fmi

The music flows because it longs

F

Gmi

For the heart I once had

Even today, with all the pains
To understand the weight of the world
Faded and torn, old and forlorn
My weak and hoping heart
For the child, for the night
For the heart I once had
I believe and foresee
Everything I could ever be

For the heart I'll never have
For the child forever gone
The music flows because it longs
For the heart I once had

Time will not heal
A dead boy's scars
Time will kill

For the heart I'll never have
For the child forever gone
The music flows because it longs
For the heart I once had
