

After All

Nikki Flores

I think that you're the end of looking for someone
Somebody to love me
Somebody to love me
I feel it in my bones, you make me come undone
Cause you really love me
I know you do

And it's so beautiful
The way you make me feel
I'm invincible and weak all at the same time

After all is said and done
After all the love I've lost
You give it back to me
I got my happy ending

Unthinkable to ever have to live alone
Never again, love
Never again
I finally found a heart that makes me feel like home
I'm soaking it in, love
Just taking it in
And doesn't it feel like flying?

After all is said and done
After all the love I've lost
You give it back to me
I got my happy ending

I got my happy ending...
