

Forever In Love

Nikki Flores

I know you, you know me
And it doesn't get much better baby
When I look, in your eyes
I know forevers where were headed

So take my hand and just say you do
Cause they've never seen a
Love like me and you

Baby all I wanna say, is thank you cause you make me better (better)
All I wanna do, is be in love with you forever, and ever

Forever in love, love, love, love
(I'm yours forever in) love
(I'm yours forever in) love
(I'm yours forever in) love
forever in love
(I'm yours forever in) love
(I'm yours forever in) love
(I'm yours forever in) love

'Til the end, til were gone
We'll show em happy ever after, all we got
Is each other, and a life of joy and laughter

So take my hand and just say you do
Cause they've never seen a
Love like me and you

Baby all I wanna say, is thank you cause you make me better (better)
All I wanna do, is be in love with you forever, and ever

Forever in love, love, love, love
(I'm yours forever in) love
(I'm yours forever in) love
(I'm yours forever in) love
forever in love
(I'm yours forever in) love
(I'm yours forever in) love
(I'm yours forever in) love
