

# Runaway

Nikki Flores

she wakes up in the morning  
grabs her coffee and goes  
another day another heartache  
its inevitable  
see when you know  
the world like she does  
its a shame  
cause she hides beneath her beauty  
to escape all the pain

and she knows  
theres more to a story  
she knows  
this cant be the end  
and she knows  
that somethings gonna give  
she cant go on livin this way  
runaway  
just runaway  
cause theres a life your missing  
if you stay youll never get it  
runaway  
theres no reason to stay  
runaway

she got so many questions  
bout the world that shes in  
shes dying just to live  
but dont know where to begin  
had her bags packed up for days  
but she wont go  
shes scared of whats waiting  
on the other side of the door

and she knows  
theres more to a story  
she knows  
this cant be the end  
and she knows  
that somethings gonna give  
she cant go on livin this way  
runaway  
just runaway  
cause theres a life your missing  
if you stay youll never get it  
runaway  
theres no reason to stay  
runaway

runaway  
just runaway  
cause theres a life your missing  
if you stay youll never get it  
runaway  
theres no reason to stay  
runaway

theres more to a story  
she knows  
this cant be the end

runaway  
just runaway  
cause theres a life your missing  
if you stay youll never get it  
runaway  
theres no reason to stay  
runaway (2x)
