

# Blessed With Your Curse

Nikki Yanofsky

In a trance I don't understand  
You're pulling me in but I'm down with the damned  
A supernatural chemistry  
Somehow something's possessing me

Is this a trap? Better watch my back  
Cuz the cat's all black and the mirrors are cracked  
Feeling spooked, wanting you, sweet taboo  
Magic tricks, get your kicks, you put a jinx, now I'm bewitched  
1 and 3 mystery, thrilling me

I'm blessed with your curse  
I don't remember, I don't remember which came first  
For better or worse  
Got me blessed with your curse

Lucky charm without any luck  
That's what you are, yet I'm hooked, now I'm stuck  
You're an accident waiting for me to happen  
A deep dark tunnel but the lights at the end

Is this a trap? Better watch my back  
Cuz the cat's all black and the mirrors are cracked  
Feeling spooked, wanting you, sweet taboo  
Magic tricks, get your kicks, you put a jinx, now I'm bewitched  
1 and 3 mystery, thrilling me

I'm blessed with your curse  
I don't remember, don't remember which came first  
For better or worse  
Got me blessed with your curse

I've tasted poison, there's no turning back  
I'm addicted, your love's a heart attack  
It's sick how much I'm into this  
Into you, into you

I'm blessed with your curse  
I'm ready for the worst  
I'm blessed with your curse  
Diving in head first

I'm blessed with your curse  
I don't remember, don't remember which came first  
For better or worse  
Got me blessed with your curse
