

# Relax Max

Nikki Yanofsky

Relax, Max  
Your nerves are just like jumping jacks, Max  
Your heart is thumping  
With a crazy sound

Hear it pound  
Bumping  
Bumping  
Bumping  
Jumpin' up and down

Stay cool, fool  
Just take it easy  
That's the rule, fool  
The evening hasn't even started yet

So, my pet  
Control yourself  
Control yourself  
Don't get upset

Don't think I'm cold  
If I say you're too bold  
I've been fooled by that moon up above  
I want your kiss  
Just as you want my kiss  
But a kiss is no kiss without love

So relax, Max  
I hate to stop you in your tracks, Max  
But first you gotta prove your love to me  
When you do  
I'll love you, love you, love you  
Like you want me to

Don't think I'm cold  
If I say you're too bold  
I've been fooled by that moon up above  
I want your kiss  
Just as you want my kiss  
But

Relax, Max  
I hate to stop you in your tracks, Max  
But first you gotta prove your love is true  
When you do  
I'll love you, love you, love you  
Like you want me to

Ah, come on, relax, Max  
Your nerves are kinda bad there, boy  
Hold it down, boy  
Take it easy, fool

Relax yourself  
The evening's young yet  
Mmm

Come on and relax, Max  
Relax yourself
