

Someone told me that you are gone now
You took off to the other side
It's no one's fault no
You just made up your mind

How can I believe something like that?
How can I believe it's true?
I don't believe in much
But I believe in you

If you're still alive
If you still haven't closed your eyes
If you're still rambling
Around at night

Then I'll be waiting here for you
I hope you know that I always loved you
Even though it's something I never said
Well, hope is all I've got, hope that you're not dead
