

Misery

Nils Lofgren

E G D E
Sweet occasion and an old champagne
E G D E
Snowblind down an unmarked road
C D Em
Broken two hearts that feel the pain
A Em
Or the hope that died
C D Em
Rescued, I would almost be
Em A C Em
But for the misery

I came to, in a human hell
It hit me hard and my spirits fell
Heart and soul, broke and abused
From a strangers rage
No I'll never be set free
By this misery, by this misery

A
Misery, what did I do?
C Em C Em
Misery did I deserve a fate like you?
C
Misery, will it ever pass?
B
Will I find the guts to last?

Patience gone, feel the end in sight
I'll be free today or I'll be dead tonight
Dear Lord, why have you gone and forsaken me?
Will I finally be set free?
From this misery, from this misery
Yeah, this misery, yeah misery

Why did ya do it? Why'd ya do it now?
In all this misery
