Everything Must Change

Nina Simone

Everything must change Nothing stays the same Everyone will change No one, no one stays the same

The young become the old And mysteries do unfold For that's the way of time No one, and nothing goes unchanged

There are not many things in life one can be sure of Except rain comes from the clouds
Sun lights up the sky
Hummingbirds fly

Winter turns to spring
A wounded heart will heal
Oh, but never much too soon
No one, and nothing goes unchanged

The young become the old
And mysteries do unfold
For that's the way of time
No one, and nothing stays unchanged

There are not many things in life one can be sure of Except rain comes from the clouds
Sun lights up the sky
Hummingbirds fly

Rain comes from the clouds Sun lights up the sky Hummingbirds fly

Rain comes from the clouds Sun lights up the sky Hummingbirds fly

Everything must change
