I Shall Be Released

Nina Simone

They say everything can be replaced They say every distance is not near So I remember every face Of every man who put me here

I see my light come shining From the west down to the east Any day now any day now I shall be released

They say every man needs protection They say every man must fall So I swear I see my reflection Somewhere inside these walls

I see my light come shining From the west unto the east Any day now any day now I shall be released

Yonder stands a man in this lonely crowd Man who swears he's not to blame All day long I hear him hollering so loud Just crying out that he's not to blame

I see my light come shining From the west down to the east Any day now any day now I shall be released
