

Merry Mending

Nina Simone

Merry mending to you
Merry mending merry mending
May your convalescence be fun as you chat about prevention

Merry mending merry mending
Think you're lucky you are the one
To get all of that attention
Forget about your pills forget about your ills
Forget about the bills
Get up get out get well again
Merry mending health and happiness blending

Merry mending to you

Merry mending merry mending
May your convalescence be fun as you chat about prevention
Merry mending merry mending
Think you're lucky you are the one
To get all of that attention

Forget about your pills forget about your ills
Forget about the bills
Get up get out get well again
Merry mending merry mending merry mending
Merry mending merry mending to you
