

Churn That Butta

Nina Sky

Now let me see you bend (like this)
Turn that banana girl split (like this)
Now imma roll new taillers (meltading)
Once we churn that butta (4x)

When its n sing or brook swane
When i rapp i rapp and mudafucka who'll say
No matter if i'm skiny or my belly's big
But i remember how u stepp like kelly gib step,
So ask me step that butta,
Plat form half the zone i'm so gutta
Flex then we go dat soap for me
Cuz the colors of mah car like purperry
See me ballshin i'ma flossin
Plus I'm up in boston
With chubby top often
You lay me i'ma crazy hood
Three then trick
And DJ Cana always playing our hits
And I do it for the real street
Sell 'em back the beats
would the one and then the two beats
weeks small cone hot like jone
three and five six like the Reese all smooth
Culo

Now let me see you bend (like this)
Turn that banana girl split (like this)
Now imma roll new taillers (meltading)
Once we churn that butta (4x)

One summertime too far
Hangin' with what you movr for
Lucy and Tierra had and the boots on
And I ain't sap end up in Aaliyah friends
Cause I can't fit Louie and sure it's up 'em
What end up, I don't rock it pink, I don't rock it
A rock as to my money you're now gone then I rock it
I'm like it to fly again guns best with sneakers
So once we churn that butta
Ass so fat as st-st-stutter
She look her like she's been on the teen
And see all over J, I like the King Magazine
Yeah watch so why it dry cause the bound is trash
Got a nice wrap into this more thus mainly at
Wish she got a thong (thong) in the gun scene
You see hey everybody stand me
See the box of what I color thick bond a be, they go

Now let me see you bend (like this)
Turn that banana girl split (like this)
Now imma roll new taillers (meltading)
