

Goodbye (Interlude)

Nina Sky

I'm writing this letter to
Let you know that I'll
Be leaving tomorrow
Didn't want to go
But ya pushed me to this point
I don't know what to do
I figured the first step was to let you know were through
I'll be gone by morning time
Won't ask you if you care
You never showed you did
And you were never there, never there
I'm taking all my things
Oh yeah threw yours away
Don't say a word or try and write me back
I don't want to be with you
Listen to the guitar play
Oh goodbye
Goodbye oh
