

# Temperature's Rising

Nina Sky

Oh oh  
Oh oh  
Oh oh  
Oh oh oh

Temperature's Rising  
My bodys screamin for you  
Your eyes pulled me in my soul  
Its trembling  
As we move closer  
Your innocent no longer  
Temptations takin over  
I wanna feel you inside of me

Let me take off your clothes  
Tear up your bodys soul  
Hold on and dont let go  
I'm losin all control  
I wanna hold you close  
Capture your mind and soul  
Indearing words we told  
Im losin all control

I'm losin all control (all control)

I wantcha body badly baby  
Just the thought it makes me crazy  
As you touch those fragile places  
Ooh  
Ohhh

Sittin here anticipatin  
Got my body waitin  
Wantin to exchange my love for yours  
Ooh  
You make me scream harmonious melodies  
Our souls combine creatin  
Symphonies  
Ohhh's

I wantcha body badly baby  
Just the thought it makes me crazy  
As you touch those fragile places  
Ooh  
Ohhh's

Deeper than the ocean  
And wider than any sea  
You make me feel high like heaven  
Its more than a dream come true  
To me your like the sun brightin my day  
Happy ending of any stoy

With an angles glow  
You bring my soul  
Joy, joy, joy, joy

I wantcha body badly baby  
Just the thought makes me crazy  
As you touch those fragile places  
Ooh  
Ohhh

I wantcha body badly baby  
Give me your body baby  
I need your body baby  
Ohhhh  
I wantcha body badly baby  
Just the thought it makes me crazy  
As you touch those fragile places  
Ooh  
Ohhhh!  
Ohhhh!  
Oh oh Ohhh!  
I wantcha body badly  
I need your body badly  
Give me your body baby  
Ohhhh's
