

Along For The Ride

Nine Black Alps

I saw you standing there
With your sunglasses on
Hiding behind your hair
Hiding from everyone

You're just along for the ride
You're just along for the ride
You're just along for the ride but...
I'd like to show you that I don't know you

You'll make the perfect thing
To watch it fall apart
And let the loser win
Life in a tainted art

You're just along for the ride
You're just along for the ride
You're just along for the ride but...
I'd like to show you that I don't know you

Yeah, I don't know you
Yeah, I don't know you

You're just along for the ride
You're just along for the ride
You're just along for the ride but...
I'd like to show you that I don't know you

Yeah, I don't know you
