

Hate It or Love It

Nipsey Hussle

My face fat
That means I'm eating where your steaks at
Where your real dogs that love you not them fake cats
Where them girls that got your name as a face tatt
Know by your first can't replace that,
Beefing with your niggas, so you stay strapped
Believe me its religious where your grace at
Jumping after ports where you're faith at
Where the blocks where you made your plays at
I put slausion on the map You gotta face (facts)
Kept it hood like 6 braides and blue wave caps
Said I couldn't but I did, you can't change that
You can hate it, you can love it that wont change jack

You can hate or you can love it
Hate or love it, hate or love it,
I will never stop my gride I came too far to look behind
You say I couldn't, I did it, I did it,
You say I wouldn't I did, I did
And you can stop me, you can stop me, you can stop me

Haters try to fuck with my mind, keep on talking from behind
I ain't got no worries at all
Nigga I grind for this, homie I'm made for this
This is too my ex-s that be said we don't get along
They can hate but I know they gotta hear this song
Ooh, and annie you'll neva find a young nigga like me
Yeah I did what you said I wouldn't do

Hate it or love it,
Hate it or love it
Hate or love it, hate or love it,
I will never stop my gride I came too far to look behind
You say I couldn't, I did it, I did it,
You say I wouldn't I did, I did
And you can stop me, you can stop me, you can stop me

From one way bus stops, busting 'til the gun stop
To pulling up in young drop, and parking front of drug spots
Look at how your young popped
Look at how this young flock
Looking out my living room, like hell no, I won't stop
All I need is one shut, that's just how we was taught
Sitting in a circle all silent that's cause funds talk
Desperation rubbed off, find myself I was lost
Sketched it out, architect the blue prints of a young boss

Hate or love it, hate or love it,
I will never stop my gride I came too far to look behind
You say I couldn't, I did it, I did it,
You say I wouldn't I did, I did
And you can stop me, you can stop me, you can stop me

Some times I think that...
All I do it's break hearts, all this nigga fake hard..I ain't caught a state
charge
So I just wanna thank God, see me in that new cord see me with a new broad

Everything I've been through tell me I went to far
I ain't have enough nigga, screaming out, fuck niggas
This ain't good luck nigga, another good run nigga
I'd have too or three, and between you and me
I don't hate none of yours
Cuz jealousy ain't new to me

Hate or love it, hate or love it,
I will never stop my grade I came too far to look behind
You say I couldn't, I did it, I did it,
You say I wouldn't I did, I did
And you can stop me, you can stop me, you can stop me no
