

The Magic of Lassie

Nits

The highway ended and he got out
His one good ear to the ground
But where is the magic of Lassie

I've got a feeling
She's been away too long

A voice out of heaven said: quarter past seven!
The sand is running quickly through an hourglass
But where is the magic of Lassie

I've got a feeling that
She's been away too long

Think what it means to be an animal crossing a highway
All the channels are weak tonight
The magic of Lassie

I've got a feeling that
She's been away too long
Yeah
