

# My Heart

Niykee Heaton

On my chest you lay, so fast asleep.  
My whole world right in your hands, oh man.  
If I let this day drift off from me,  
I'd be content with that.  
Oh my baby, oh my love.  
Do you know you saved me even before you came along?  
Oh, my darlin'. My angel.  
Don't you know? Don't you know that you belong?  
You belong right here with my heart.  
Heart...  
You belong, you belong right here with my heart.

If your mouth could say just where you've been,  
I wonder what would you tell? Oh well.  
Did you want to stay? How could you leave?  
You must have known me well.

Oh my baby, oh my love.  
Do you know you saved me even before you came along?  
Oh, my darlin'. My angel.  
Don't you know? Don't you know that you belong?  
You belong...

Never be alone.  
I'll be right beside you.  
When you're far from home,  
I will be your guide.  
And if you need to roam,  
Just look right behind you so you know.  
So you know...

Oh my baby, oh my love.  
Do you know you saved me even before you came along?  
Oh darlin'. My angel.  
Don't you know? Don't you know that you belong?  
You belong...  
Right here with my heart.  
Heart...  
You belong, you belong right here with my heart.
