yeah, homelife is a drag, deadly like a plague if sadness lurks within yer walls, like in mine where i am confined to my room to hide from all of the bullshit i've gotta deal with from them and they don't give in, until i am crying my eyes out over this shit, and then i scream out homelife is a drag, deadly like a plague gotta get outta here before i loose my mind

yeah, homelife is a drag, deadly like a plague when everything i do is wrong, and its all my fault and they don't understand, me or who i am they'll never accept that this is all who i am and all i can do is never enough i wish that for once they'd just fucking lay off homelife is a drag, deadly like a plague abandon all hope, and watch my dreams fade away

with all this shits stacked, like weights on my back with no one to help me, soon i will collapse my family hates me, i fucking hate them goddammit, will this homelife shit ever end?!

yeah, homelife is a drag, deadly like a plague if you live with anger and hate, just like here where i live in fear of losing my mind and killing you all, leaving no one behind trapped inside these walls, with no where to go and nothing to do, i'm alone and depressed patients put to the test, dagger at my chest i carve into my wrists to relieve the stress homelife is a drag, deadly like a plague gotta get outta here before i loose my mind my family hates me, i fucking hate them goddammit, will this homelife shit ever end?!

now, shows over come home, and i'm all alone with no one to talk to and no pot to smoke homelife, is a drag, deadly like a plague i'll walk out the front door, and never look back
