

## Short Term Memory

No Knife

can't force the issues  
running over the old safe ground  
kick out the missives  
keeping up with the pack  
feels nice to run away sometimes  
but now it's time to stand my ground  
f\*\*k talking, so long.  
you preach away and carry on with all the folks  
that you know.  
can't force the issues  
running under the old safe sound  
kick out the missives  
keeping up with the pack  
feels nice to run away sometimes  
but now it's time to stand my ground  
you f\*\*king talker, so long  
preach away and carry on with all those f\*\*ks  
that you know.  
don't let those from the outside in-  
short term memory.  
watch your mouth, boy.
