

So here we are again
Weæ?@e all fighting it through the day
With one more obnoxious ass
Thata?~ raining on my parade
And God only knows where Iæ?? be
Without you
To save me from disaster time and time again
Weæ?@e two and together
Weæ?fl never be defeated
Weæ?fl blaze a trail wherever we go
Somehow through all these years
Iæ?'e managed it on my own
With you to stand by me now
Iæ?fl never have to show
All of the people that are trying to make a wreck
Iæ?fl leave the world behind me
I'll leave them and not look back
Weæ?fl blaze a trail wherever we go
Nobodyæ?~ in our way so leta?~ go
Right now
