

## Thorn In My Side

No Use for a Name

Remember these words "I'll never let you down"  
"You are my friend and you can talk to me"  
So why am I? (so why am I?)  
Still standing all alone  
That's not the way it's supposed to be  
Thorn in my side  
Talk about me, kiss my ass  
Thorn in my side  
I felt it jabbing the first time that you lied...  
Deep inside  
You gave me silence, I tried to talk to you  
I got denied and tried to think it through  
You had no reason, I saw no warning sign  
You think I'll stick around, you must be on glue  
So now I'm thinking, you'll turn your back on me  
The second you find a better place to be  
It's in our nature to hurt each other  
I'll never find my place in this world of greed
