

# Out of Time

Noah Gundersen

Why'd you have to catch me when I'm sober?  
And offer me a chance to think it through  
You know I do, you know I do  
Why'd you have to ask me to come over?  
After all, I thought that we were through  
It's what you do, this is what you do

Come down  
Come down  
You know you want to  
You want to

Why'd you have to make me remember?  
Every fucking thing you ever said  
Get in my head  
In my bed

Is this ever going to be over?  
History repeats itself again  
Call me when you're drunk  
Call me when you're drunk

Is anyone awake to take me home?  
Is anyone awake to take me home?  
I'm out of time  
I'm out of time
