

Kill All the White Man

NOFX

Oh yeah, kill all the white man,
Oh yeah, kill all the white man.

The white man call himself civilized,
Cause he know how to take over,
The white man come to pillage my village,
Now he tell me I have to bend over.

Oh yeah, kill all the white man,
Oh yeah, kill all the white man.

No I do not like the white man up in me,
He rape my people as he rape my country,
Everything I love and cherish, he try to take away,
We will be rid of him, soon come the day.

Oh yeah, kill all the white man,
Oh yeah, kill all the white man.

Kill all the white man.
