

She gotta walk with a silicone cock  
Sticking in her ass, and one in her cunt  
A butterfly vibrator strapped tight to her clit  
But who's got the remote control?

That would belong to Louise  
She's got a new pet, a real vaginal tease  
Mommy's little girl is gonna do as she please  
If she don't wanna get a spanking

She likes to speak like a 6 year old brat  
Mommy discipline me, you know I've been bad  
Start with a cat then she'll move to a crop  
Neither one is willing to stop

She knows how girls just wanna have fun  
With four piercings on each side of her labia  
A little luggage lock connecting each one  
Prevents her girl from going astray

Slut you think you've seen your master mean?  
You better lick my puss and asshole clean  
Treat my clit like bubble gum  
Bitch make me cum

It's time for bed she'll be secure in her head  
Between her thighs for a thorough night suck  
Along with this she'll be drinking her piss  
So Louise don't have to get up

Two goddesses in love  
One resides below, one reigns from above  
One adorns and cuffs while one covets keys  
The purgatorial touch, of Louise
