

Monosyllabic Girl

NOFX

I take her to the aquarium, she says shark
I take her to the planetarium, she says dark
I take her to the seaside
Where she likes to spin and twirl
She says sure and cool and yeah
She's my monosyllabic girl

I take her to the university, she says huh
I take her to an anniversary, she says one
I take her to jewelry store
I say diamonds, she says pearl
Oh everyone knows I'm in love
With a monosyllabic girl

You know everyone knows I'm in love
With a monosyllabic girl
