

## Re-gaining Unconsciousness

NOFX

First they put away the dealers,  
keep our kids safe and off the street.  
Then they put away the prostitutes,  
keep married men cloistered at home.

Then they shooed away the bums,  
then they beat and bashed the queers,  
turned away asylum-seekers,  
fed us suspicions and fears.  
We didn't raise our voice,  
we didn't make a fuss.  
It's funny there was no one left to notice  
when they came for us.

Looks like witches are in season,  
you better fly your flag and be aware  
of anyone who might fit the description,  
diversity is now our biggest fear.

Now with our conversations tapped  
and our differences exposed,  
how ya supposed to love your neighbor  
with our minds and curtains closed?  
We used to worry 'bout big brother,  
now we got a big father and an even bigger mother.

And you still believe  
this aristocracy gives a fuck about you.  
They put the mock in democracy  
and you swallowed every hook.

The sad truth is  
you'd rather follow the school into the net  
'cause swimming alone at sea  
is not the kind of freedom that you actually want.

So go back to your crib and suck on a tit  
go bask in the warmth of your diaper.  
You're sitting in shit and piss  
while sucking a giant pacifier,  
a country of adult infants.  
A legion of mental midgets,  
a country of adult infants,  
a country of adult infants.  
all regaining their unconsciousness
