

# She Didn't Lose Her Baby

NOFX

So she cried alone for hours  
And she did lines off the floor  
As she thought of the unthinkable  
Then she crushed up even more

She never thought they'd take her baby  
She didn't even know that anybody could  
And even though she was the only parent they  
Still took him from her arms for his own good

He didn't scream  
He had look of relief  
His eyes never  
Looked back into hers  
He went right to the nurse  
One blink and he was gone

So she cried alone for weeks on end  
And she used up every vein  
Then she tried the unthinkable  
Anything to stop the pain

She never thought they'd take her freedom  
She didn't even think that anybody cared  
They claim she was a danger to herself  
So they put her in a place, to get repaired

She didn't scream  
She had look of resign  
She couldn't find  
A reason to fight  
The darkest world reach dawn  
One blink and she was gone

She never thought they'd take her baby  
She didn't even know that anybody could  
And even though she was the only parent they  
Still took him from her arms for his own good
