

If life is water, I was dry as the Tuscon dirt  
If it's a gamble, I'd already lost lost my shirt  
If it's a journey, I was dazed without a clue  
I flipped a "U" back to the first love I ever knew  
You give me joy that's unspeakable  
And I like it  
Your love for me is irresistible  
I can't fight it  
You carried the cross and took my shame  
I believe it  
You shine Your light of amazing grace  
I recieve it  
If life's a battle, the invasion is complete  
If it's a rhythm, I have found the perfect beat  
If it's a renaissance, I've got a new birhday  
The world don't give it  
And the world can't take it away  
Bowed and broken, everything's new  
All that I need, You're like water to seed  
And how Your love, rights everything wrong  
In my weakness  
You're even stronger, You're pulling me back  
Where I belong
