We Are The Chopped

NoMeansNo

We are the chopped, the chopped The lecer drops and stops This is not good or bad Transformers hum and pop The little dials they drop No reason to be sad

It's only to be still with one more role to fill The widow stands inline, the loved one's killing time Cause when you've stopped, you've stopped It's either now or not No viction and no crime

As you wander through your days, you leave the Moments lying cold and underpaid, your savings plans are sound They'll do somebody good when you are underground

This is not good or bad No reason to be sad No viction and no crime Cause when you've stopped, you've stopped The ball is thrown and caught It's just the end of time

The mourners ring the bells and shed tears for themselves It was really unkind to leave us all behind We are the chopped, the chopped But you've not said alot There's nothing to find

You make patterns with your eyes and blacken in The details you don't recognize, you say that life is breath an d when The breathing stops you turn mutter Death

We are the chopped, the chopped But you've said a lot This not good or bad No reason to be sad We are the chopped, the chopped And when the pressure drops You simply stop, you stop You stop You're dead
