

## Smoke and colors

Nomy

So, can you smoke it up?  
I am ready to go  
Home  
And I wanna go now

So, can you smoke it up?  
I am ready to lose myself in colors  
Do you wanna go now?

I wanna go up  
In smoke and colors  
She only likes me when I'm high  
I'm gonna smoke until the day I die

I wanna go up  
In smoke and colors  
She wanna see me in the sky  
Well, I'm gonna love you until the day I die

So, can you smoke it up?  
I am ready to go  
Home  
And I wanna go now

So, can you smoke it up?  
I am ready to lose myself in colors  
Do you wanna go now?

I wanna go up  
In smoke and colors  
She only likes me when I'm high  
I'm gonna smoke until the day I die

I wanna go up  
In smoke and colors  
She wanna see me in the sky  
Well, I'm gonna love you until the day I die

Whenever been in a place like this with anyone  
It's smoke and colors  
It's smoke and colors  
Smoke and colors

Whenever been in a state of mind with anyone  
In smoke and colors  
In smoke and colors  
Smoke and colors

So, can you smoke it up?  
I'm never gonna make you stop  
You...  
I'm really wanna smoke you up  
Smoke you up

I'm ready to lose myself in colors  
Do you wanna go now?  
Yeah!...

I wanna go up  
In smoke and colors  
She only likes me when I'm high  
I'm gonna smoke until the day I die

I wanna go up  
In smoke and colors  
She wanna see me in the sky  
I'm gonna love you until the day I die

A smoke and colors  
Smoke and colors  
Smoke and colors  
Smoke and colors

I wanna go up  
In smoke and colors  
She wanna see me in the sky  
I'm gonna love you until the day I die
