

Dead Soul

Nonpoint

Hard to believe what your eyes are seeing
Body and soul and my mind are fleeing
Can't stand anymore without disagreeing
Can't even see how this is going to be
It's not gonna be a happy ending
Where you and I just make up and left
You try to be so condescending
It's pushed me away and I'm never coming back

Now you're alone and your Soul is Dyin'
Now you're alone and your Soul is Dyin'
Now you're alone and your Soul is Dyin'
Now you're alone and your soul is beggin'

Struggle to keep from fallin' so far
Even when I had to wait too soon
Our happiness came with such rare occasions
It's amazing we got this far at all

Now you're alone and your Soul is Dyin'
Now you're alone and your Soul is Dyin'
Now you're alone and your Soul is Dyin'
Now you're alone and your soul is beggin'
